—The members of the Silver medal class will please meet at Mrs. Castle's this Friday evening, May 28th, to make final arrangements. Every member who wishes to contest must be present.

—Judge B. F. Morgan bought a Deering plow, binder and a Deering mowing machine, and Geo. Young a Deering binder, and Geo. M. Berry an ideal mower of T. L. Price, this week.

—An interesting game of base ball, between ten men to decide, was played between the Oregon kids and Mound City kids in Oregon last Friday afternoon. The score was 16 to 17 in favor of Oregon.

—Lawson Sipes one day the past week while riding on his wagon brake had his leg caught between a stump and the brake, and was badly bruised. He is getting along nicely under the care of Dr. Klipp.

—There will be a banana social at Union school house, Saturday evening, June 5. Strawberries, ice cream and cake will be served. Admission, free. Everybody cordially invited. Proceeds for benefit of Sunday school.

—J. F. Bridgman and wife, of Big Lake, have been married sixty years, on May 17th. Uncle John is now 83 and his excellent wife 77 years of age. He says he realizes that his life's journey is near an end, and he is "not minding."

—List of unclaimed letters remaining in the postoffice at Oregon, Mo., for the week ending May 28, 1897: Mrs. Mamie Miller, N. P. Moore, J. K. Kistner, for the above please say, "advertised."

—HENRY SHUTTS, P. M.

—W. G. Sawyer, a brother of Rev. Sawyer, of this city, is the present applicant for appointment to the United States military academy. His grade was exceedingly high, and the result of the examinations have not yet been made known.

—The Masonic fraternity had a "called" meeting last Saturday night in order to confer the 3d degree on one of our prominent citizens, after which they had another banquet at the Hotel Woodland, Landlord Mitchell, giving an elegant spread. Quite a number of visitors were present.

—The recent grand jury in Grundy county returned a large number of indictments against the prominent citizens of that county for swearing to false property lists for taxation. The matter has created considerable commotion, and the grand jury's assessor is equally as bad a crime as swearing falsely before a jury. Since our residence in this county we have no occasion to complain of any "tax-dodging."

—We are truly sorry to hear of the death of Thomas Dobbin, which occurred at his home in Forest City on Friday last, May 23, 1897, and was buried in the Forest City cemetery on the day following. He served in the Union army as a member of the 23d Mo. Infantry, and had an arm torn by his shoulder at the battle of Lexington. He was of a kindly disposition, and his patriotism and loyalty were his bounds. He was about 55 years of age.

—The little 18 month's old daughter of Peter Sipes Jr., had a close call one day last week. On Thursday of last week, while playing in the front yard, she swallowed something, and on examination by her parents, they came to the conclusion that it was a small piece of tin. The child ate, and slept, but was somewhat restless, and on Friday the child's symptoms became alarming, and they brought the little one to this city, and called Dr. Evans. The only alternative was to go after the obstruction, and Dr. Evans called Dr. Kearney to his aid, and they immediately put the child under an anesthetic, and after hard work Dr. Evans succeeded in extracting a good sized pin that had become thoroughly imbedded in the child's throat. The little one is now all right.

—The Woman's Union, one of the leading social and literary societies of Oregon eight or ten years ago, met at the residence of Mrs. L. R. Kauffman last Monday night, having been called together on this occasion for the purpose of taking some action in regard to having the old cemetery cleaned up for Decoration day, while the society has not yet held regular meetings for several years, they still keep up their organization, and have a fine list of members, and they have loaned out, and beside a few dollars in the bank, to which is added the interest from their loan every year. This sum in the bank they decided on expending for the purpose of having the cemetery cleaned up, and at once put men to work, and now the yard is free from grass and weeds. This action is certainly to be commended, and if those who have relatives and friends laid away there to await the final judgment day, will only take sufficient interest to have the graves removed and other necessary work done, the cemetery will present a better appearance on the Decoration day than it has for years.

Deering Binders and Mowers, Twine, Rakes and Oil sold by

T. L. PRICE, Oregon, Mo.

OREGON, MO., June 18, 1896.

We, the undersigned, saw T. L. Price start a 6-foot Pony Deering Binder to-day on the farm of Harrison VanDeever, in fall wheat, some straw fallen, some very green and machine worked fine. Elevated and bound grain in good shape. Three horses pulled the Pony with perfect ease. The machine is light draft and we consider the ball and roller bearings used on the Pony Binder a grand improvement, and the Jointed Platform a convenient arrangement for transporting Binders through gates and over narrow bridges. We think the Pony the most complete Binder made. The 1896 Pony is a "hummer."

POPULAR LOW-PRICE CALIFORNIA EXCURSIONS.

The Santa Fe Route daily excursions to California in tourist sleeping cars are deservedly popular. Cars are of newest pattern and very comfortable, having very necessary conveniences.

These excursions are accompanied by Pullman conductors and porters, and are patronized by many of the best people. Low ticket rates.

—The Mound City News last week, passed into the hands of King Brothers, O. King, who for years past, has been the owner of the paper, purchased the interest of W. E. John. The News was purchased by Messrs. John and E. E. King in September 1896, and since that time the News has shown marked improvement, both in its general mechanical appearance and editorial ability. It has come to a higher plane of local journalism, and we believe it will be maintained in this notch under the management of the King brothers. They are both practical printers, and with proper energy and carelessness in management, the News will continue to prosper in the future as in the past. We wish the young men all the success possible, and THE SENTINEL will be only too glad to extend to them all the reasonable courtesies within our power.

T. S. Hinde.

Among the many "substantials" to our mercantile interests of Oregon as well as Holt county, none stand any stronger than T. S. Hinde, who has been in the drug business in our city since 1857, when he organized a stock of drugs in the old Beaumont property on the north side of the square. He remained in this building but a short time. When he moved to the new building on the east side of the square, he purchased a building in the old Kelley hotel property near by. Here he remained until 1873 when he moved his stock to the east side of the square, and afterwards joining the schulte Bros., store on the south, and was known as the Bailey building. In 1877, William Hawkins erected a brick building, afterwards opening partnership and the firm was known as Hinde & Philbrick up to 1893, when Mr. Philbrick became the owner of the stock. Mr. Hinde's long and successful business career would not allow him to remain out of business, and in March, 1894, he opened up a new stock of drugs in the room now occupied by him, on the north side of the square—he owning his building and also the building just west of him and originally built by M. Hawkins.

Mr. Hinde was born in Mt. Vernon, Illinois, April 21, 1847, and a short time after his father emigrated to the Mexican war. After the war was over he and his family moved to White county, Illinois, where his father held the position of recorder and circuit clerk for twelve years, Thomas serving as his deputy from 1860 to 1867, excepting the two years he attended the state university at Bloomington, Ill. He afterwards married Miss Flora A. Thompson, of Carmi, Ill., and shortly after moved to Savannah, Mo., where for three months he taught school, and afterwards engaged in the grocery business, then in the drug business until 1872, when he became a citizen of Oregon. He enjoys the best of health, and has never been "bad sick," enjoying life about as well as the next man. He has one of the wealthiest families in the county, and surrounded by an intelligent and refined family. The family is composed of wife and seven children, 5 boys and 2 girls, his daughter, Mrs. Dennis Bohannan residing in Oregon. His oldest son, William is married, and resides here, assisting his father in the business, and is a graduate of the Kansas City School of Pharmacy. Mr. Hinde in his long business career, has not forgotten the old saw, "make hay while the sun shines," or "prepare for a rainy day," and has a very clear bank account, a few mortgages, etc., and in any emergency of the world he considered one of the substantial financial men of Holt county, and THE SENTINEL, hopes that he and his excellent family may live long to enjoy his accumulations.
